Portfolio: <https://narimanwael04.github.io/My-Portfolio/>

PROFESSIONAL SUMMARY

Computer and Information Science student at Mansoura University with a strong technical foundation in web development, databases, and software fundamentals. Currently transitioning into Business Analysis through professional learning on Coursera and Udemy, with a growing understanding of requirements gathering, process analysis, and business documentation.

Hands-on experience through ITI Front-End training, academic projects, SQL development, and customer service exposure.

Passionate about solving business problems, improving processes, and building user-focused solutions. Seeking an internship or entry-level opportunity in Business Analysis, Business Support, Technical Support, Application Support, or other IT-related roles.
